

Since the inception of New Jersey's DO NOT CALL program, my family's "quality of life" has improved so much. No longer do we get those annoying phone calls disturbing us during the most inconvenient times of our day. Of course the telemarketers are upset with this....because it's successful! Why should our lives be filled with endless phone calls from people trying to sell us things we simply are not interested in. If we need to purchase something, WE should be the ones calling them, NOT THE OTHER WAY AROUND!

I beg of you to leave New Jersey's DO NOT CALL program as it is. It has been a true blessing and I shudder to think that we may have to go back to the way it was before.
